

I am writing to oppose any changes to Indiana's telephone privacy law. I do not want the FCC to implement any proposal that would lessen Indiana's current telephone privacy law protections. Before this law was enacted we were getting close to 15 calls per week, now we get just 1 or 2. As a person that works full time I cherish the small amount of time I have at home with my family, and having the phone NOT ring for unsolicited sales calls is a true blessing. This law has made my time at home much more enjoyable. Please do not preempt our state laws.

Thank you
